

## Activity sheet

# Football scores level 2

This activity can be completed with a pen/pencil and paper if you are not able to print the activity sheet.

### Introduction

We can use bar charts to present data in a clear way. Can you create some bar charts to show some results from Premier League matches?

### Instructions

- Read the match report for Leicester City v Southampton (Saturday 11 January 2020) below.

Southampton won against Leicester City last week. Leicester City had 5 **shots at goal**, including 5 **shots on target**, while Southampton had 16 **shots** with ten **shots on target**. Leicester City took an early lead thanks to a **goal** from Praet 14 minutes into the game. However, Southampton enjoyed two **goals**, with the first coming five minutes after Leicester City's opener and the winner late into the second half scored by Ings.

- Use the report to complete the table.

	Leicester City	Southampton
Goals		
Shots on target		
Shots		

- Use your table to draw bar charts showing the match stats. Use the checklist to make sure you have remembered everything.

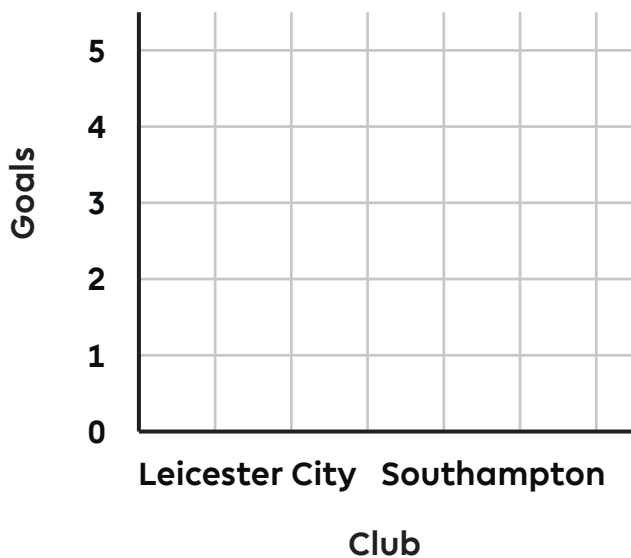

#### Checklist:

- I have drawn my bars with a ruler.
- I have labelled my axes.
- I have labelled the bars.
- I have written the scale on the vertical axis.
- I have given my chart a title.

## Activity sheet

# Football scores level 2

### 1. Bar chart to show goals scored

### 2. Bar chart to show shots

### 3. Bar chart to show shots on target

## Activity sheet

# Football scores level 2

### Extra challenge:

Using the same format as the activity sheet just completed, create your own match report and place the data in a table. Then draw some bar charts to present your match data. This could be based on a real match or one that you have made up.

### Glossary of football terms:

<b>Clearances</b>	When a player kicks the ball away from the goal they are defending.
<b>Goals</b>	The number of shots that go in and are recorded as the final score.
<b>Shots</b>	The number of shots attempted, whether scored, on target and saved, or struck wide of the goal.
<b>Shots on target</b>	The number of shots attempted and heading directly at the goal, whether they went in or were saved.
<b>Tackle</b>	When a player takes a ball off a player from the other team.
